

The Surgery Shuttle runs every Thursday morning from Golden Valley Animal Humane Society to the Ruff Start Rescue Office in Princeton. Then, it will return that evening.

Please see the instructions below. You will also receive an email the evening before the shuttle with the driver's name and contact information. We ask that if anything unforeseen comes up day-of (you're running a few minutes late, etc.) you contact the driver and let them know.

Please bring a kennel labeled with the animal's name, your name, and your phone number. If you don't have a kennel, please let your Foster Manager know as soon as possible. If you bring your foster animal to the shuttle without a kennel, your foster animal will NOT be allowed on the shuttle.
